

Around the World: Dribbling with Precision

Setup: Set up cones in a circle and line up Players behind one cone.

1.

KEY

-  Player with ball
-  Offensive Player
-  Player Movement
-  Cone

NOTES

Make it harder:

- Move cones closer together

Make it easier:

- Move cones farther apart

Players start by weaving in between cones with a soccer ball, moving around the circle formation. The soccer player should use only the right foot the first time through this soccer drill. The next time through the drill, the player should use only the left foot. The next Player can begin their rotation through the drill when the Player ahead of them is halfway around the circle of cones.
