

Simple Passing/Shooting: Passing Assist

1.

Player 1 starts with the soccer ball and passes it in front of Player 2. Player 1 then runs to the end of the shooting line.

2.

Player 2 takes a one-touch shot at the goal and then runs to the end of the passing line. It's the Defensive Player's job to keep the ball from going into the net. After Player 2 attempts for a goal, the drill starts over with the next players in line.

KEY

-  Player with ball
-  Player
-  Ball Movement
-  Player Movement

NOTES

Make it harder:
Move shooter farther away from goal

Make it easier:
Move shooters closer to goal
